- Sixty day money back guaranty

Maintenance-free!

The AquaKlean 1000

A revolutionary technology for natural water treatment from Israel, a world leader in water treatment. The AquaKlean 1000 is now available for every pool and jacuzzi. The bio-technology device uses neodymium magnets (Rare Earth - NdFeB) technology that locks the pollutants and heavy metals while drastically reducing E. coli and other bacteria creating healthier water environment.

No installation - just put the AquaKlean 1000 into skimmer/pump trap

Features
